

Take med Home

(Solist)

**I sit here Thinking
As the sun is sinking
Over the Mountain
And the dry, dusty ground**

(Solist)

**As the night is falling
I start recalling
The Nights
In my own home town**

(Solist)

**I see the faces
In familiar places
I hear the music
That they played way back then**

(Solist)

**My heart rejoices
As I hear the voices
Calling me
Home again**

(Kor – omkvæd 1)

**Home-oh take me home
Home to the people
I left behind
Home to the love
I know I'll find
Oooh take me home**

(Solist)

**As the sky is burning
My mind is turning
To the cold winter evenings
By my own fire side**

(Solist) + (Alle)

**So far away now
But any day now
I'll sail
On the morning tide**

(Kor – omkvæd 2)

**Home – oh take me home
Home to the people
I left behind
Home to the love
I know I'll find
Oooh take me home**

(Mellemstykke)

**Take me home (Peter Duhn)
Far across the sea “
(Alle):
Home is where I long to be**

(Kor – omkvæd 3-4) 2 gange
